

About TriHealth Laboratory Services

Expertise ... Communication ... Service

Personal service is what sets TriHealth Laboratory Services apart from other laboratories. For more than 35 years, we have provided a wide range of clinical laboratory and pathology services to physician offices, clinics, referring hospitals and other healthcare providers. Our pathologists and laboratory professionals know the physicians and patients in the community. They offer a level of expertise, communication and service that is difficult to find in larger independent laboratories.

Services include:

- 24-hour, seven-day-a-week availability
- Knowledgeable customer service specialists
- A variety of options for ordering tests and receiving results
- Numerous billing options, competitive fees, and acceptance of all insurance plans
- Professional consultation to aid in test selection and interpretation
- Convenient, dependable courier services
- Supplies required to transport and submit specimens to TriHealth
